

SOLOMON LAING

FULL STACK SOFTWARE DEVELOPER

ANGULAR .NET CORE TYPESCRIPT C#

Trained in Engineering and IT I spend my time building and maintainin g software for various companies and organisations. Solving problem s is my passion and I strive to get things done, and do them well.

I have a penchant for Linux (or GNU/ Linux if you prefer) and besides maintaining a collection of personalis ations through scripts and software customisations, I also manage a h omelab on which I self host many of the services that I use daily.
